SECOND ECCLESIASTICAL SOCIETY "OR STRICT CONGREGATIONALISTS" "SEPARATISTS."

INTRODUCTION.

THE Pilgrims who landed at Plymouth in 1620 were the first "Separatists" and "Strict Congregationalists" in this country. They had separated from the Established Church of England and had formed themselves into a Body of Believers on the strict congregational plan.

The Puritans who followed the Pilgrims across the sea, though not "Separate," were Congregationalists in faith and practice.

The early settlers of Connecticut held the same religious views. In the Report of Governor Leete, of Connecticut, to the Privy Council of the English King dated 15 July, 1680, is found the following statement:

"Our people in this Colony are, some strict Congregationall men, others more large Congregationall men, and some Presbeterians; and take the Congregationall men of both sorts, they are the greatest part of the people in this Colony. There are 4 or 5 seven-day men and about so many more Quakers."—Col. Rec. of Conn., Vol. III, page 299. This shows that the later "Strict Congregational" Churches of Connecticut were legitimate children and had an illustrious ancestry.

To the following Records of the Strict Congregational Church in Enfield, is prefixed the Defense and Declarations of the denomination as formulated by their churches at their Killingly meeting in 1781 and published by them in the same year. Here is found their origin and belief. It is remarkable that these almost forgotten churches should have held so many principles which are to-day the glory of the American people. For, where they stood few and feeble one hundred and fifty years ago, now stand the State and the Nation. Even the very Church from which they came out, now makes "a change of heart" the condition of church membership; the lack of which requirement having been the great cause of the separation.

The known records of the Separate or Strict Congregational Church of Enfield are few and fragmentary. What has been found is printed in the following pages to preserve them, and to make more complete this Documentary History. This church was probably organized about 1747. The first known mention of it is in the Canterbury letters dated 1751 to 1753. In these letters the Enfield church is mentioned as if fully organized and as having an ordained and covenanted pastor. It also had at that time a church quarrel in which were involved the negligent pastor, infant baptism, and contentious Joseph Markham. What were its merits and how it was settled is not known. Aside from this one case the records indicate only peace and unity.

It has been supposed by some that the "Separates" of Enfield were poor, ignorant, shallow persons who separated from the Established Church in order to enjoy more freely religious hysterics and disorderly physical demonstrations in their worship. To correct this impression it is only necessary to read the noble principles of the Killingly Declarations and to study the lists hereafter given of the Enfield "Separatists." Such persons as Capt. Hezekiah Parsons; Capt. David Parsons; Lt. and Dea. Thomas Parsons; Nathaniel Parsons; Shubael Parsons; Ezekiel Pease, town clerk; Ensign Nathaniel Chapin; Mr. Moses Allen; Mr. Samuel Terry; Lucy Dwight; the Spencers; the Gowdys; the Markhams; and others of equally high character, were certainly among the best citizens of Enfield.

The Enfield Strict Congregational "or Separatist" Church had no *legal* existdnce until 1770. Previous to that date, although it had been in existence about twenty-five years, its members were *legally* members *and voters* in the Society of the Established Church. In 1768, they were strong enough to hinder, if not to prevent, the settlement of a minister in the First Church. So a compromise was made, they agreeing not to oppose the settlement of a minister in the First Church and the First Church agreeing not to oppose their petition to the General Assembly to be made a legal Ecclesiastical Society.

A petition to the General Assembly of Conn. was accordingly made, viz.:

To the Hon^{ble} General Assembly of the Colony of Connecticut to be holden at Hartford within s^{d} Colony on the 2ond thusday of may Ano: Dom 1769:

The memorial of us the subscribers who are of the Church & Congregation in Enfield: Humbly sheweth that we are of the Denomina-

tion of professors of Christianity who hold the Rule of Government of a church to be in the Same: who maintain and carry on the worship of God among our Selves as we in our Consciences think to be agreeable to God's word without disturbing others who differ from us, & without being Chargable to any.

Now for many years we have been under a great Burden; In paying our money & Substance to Support that order (or worship) that we in Conscience Cannot Joyn with. And the town of Enfield being destitute of a minister & being assembled together in order to make Choice of another minister, & looking up it we were under a great burden and not Right that we Should be obliged to pay to maintain that worship we Could not in Conscience Joyn to; the S^{d} town of Enfield did by a Clear & free vote manifest their willingness if we Should be dismist from paying any thing toward the Support of their minister upon which vote we Removed from the S^{d} meeting and have never opposed them in the Choice of a minister nor his Settlement;

Now what we Humbly Request of your Honours is that you would Some way agreeable to the Rules of the Gospel Ease us of this Heavy burden of paying towards the Support of that worship we Cannot in Conscience joyn to; and that we may have our Substance to Support & maintain that worship which we think to be agreeable to the Rules of the Gospel and according to our Consciences.

Furthermore we assure your Honours we are loyal Subjects and are ready to Swear (if called) the most unfeigned allegence to our Rightfull Sovereign King George the 3^{d} we are not only in perfect subjection to, but value our Selves highly on ye Privileges of an English Constitution & the Civil Government of this Colony & have profound veneration for the Governor & Rulers God has set over us & rejoice to be our part in the Support thereof & we ask for no Indulgences in Idleness, Immorality or any thing that affects the State.

We therefore now Intreat the Consideration & Interposition of this Honourable Assembly that we may (agreeable to free vote of s^{d} town) he eased of that burden which by law we have & still are liable to Sustain: & So Grant that we may Enjoy quiet Rest in the Enjoyment of that worship which our Consciences dictate to be Right as we understand ye word of God: And be freed from those Exactions and Depridations that render us uncapable of Supporting the Civil Goverment of this Colony and tend to Reduce us to Beggery & want

As in Duty bound Ever Pray.

In 1770, the General Assembly of Conn. acting on this petition permitted the Memorialists to exist legally under the name of *the Second Ecclesiastical Society of Enfield;* thus setting them free from payment of taxes to support the First Church and its ministers. But the only persons permitted to belong to this 2[d] Society were,—1st, The Signers of the Petition to the General Assembly. 2d Those Descendants of these Signers who for this purpose should enter their names with the town clerk within one year after arriving at the age of twenty one years. 3d, Such Strangers as should enter their names for this purpose with the town clerk within one year after settling in the town.

No others could legally become members without an Act of the General Assembly. All others whatever their religious views were legally members of the First Society and were regularly taxed to support its church and ministry.

It seems impossible to discover who were the first pastors of this church. The first known pastor was the Rev. Nath[l] Collins of Westfield Mass. son of Rev. Nath[l] Collins first pastor of the first church of Enfield. He was settled over the Separate church in 1762 and continued its pastor until his death, 5 Dec. 1787.

SIGNATURES TO "SEPARATIST" PETITION TO GENERAL ASSEMBLY OF CONNECTICUT,
ENFIELD, MAY 4, 1769.

After the death of Mr Collins, constant and unsuccessful attempts were made by the church to obtain a settled pastor. At last the pastor of the Enfield Baptists was employed to preach for them "half of the time." After this they drifted into Baptist views and finally became a Baptist church. But they still kept their *legal* name and organization as the Second Ecclesiastical Society of Enfield.

At the time of the "Millerite excitement" they changed their views again and became a Second Advent church, but still kept their legal name as the Second Ecclesiastical Society of Enfield.

Soon after this last change of views the church, which had been declining ever since the death of its pastor Mr. Collins, died out and its church building and parsonage fell into decay. But a few—very few—members of the Second Ecclesiastical Society of Enfield still lived and took an interest in the small church property which yet remained. The reorganizing of this Society was now accomplished by admitting members of the Second Advent Church of Hazardville. And thus it continues to this day. The money which was obtained from the sale of the Separatist church property is loaned out and its interest is used for the benefit of the Second Advent Church of Hazardville.

The question naturally arises, what has become of all these Strict Congregational Churches? Why have they perished? Some of the reasons are not difficult to find. One is that they were too much like the Established Church. They had the same spiritual ancestry, believed the same doctrines, recited the same creeds, held to the same system of theology, and taught the same catechism; and the only difference of importance in church government was that made by the laws of the Colony. At first the two churches vitally disagreed concerning the necessity of the "new birth" as a prerequisite to church membership. But the Established Church gradually gave up the Half-Way Covenant and dropped the practice of admitting to membership professedly "unconverted" persons of good character. This removed the great cause of controversy. So that, when the bitterness of the old strife had been softened by time, it was easy for the "Separate" and his children to return to the old church home. Thus several of the Separate churches finally became "regular" churches, as in Middletown and Mansfield; and many individual members joined the Established Church. This last was especially true of Enfield. There Mr. Moses Allen who had long been their Society Clerk, and Thomas Parsons one of their deacons, and many others of their best families, after the death of their pastor, Mr. Collins, refused to become Baptists, and went back to the First Church —where according to the records they received a cordial welcome.

ENFIELD FIRST CHURCH RECORD, BOOK 2, PAGE 13.

1811 November 1st—Were received to Communion John Parsons, Shubael Parsons and Joseph Parsons. These members had belonged to the *dyssenting* church in Enfield and by a *preceeding vote in the church such members had been invited to come and take the children's bread with this church.* The advice of the association was that such members might consistently be received without being propounded in the usual form, but only for them to have the confession of faith and covenant read to them and their consent to it should constitute them members of this church. In this manner the church proceeded with the above-mentioned brethren after some questions put to them and their answers were satisfactory—this was done lecture day preceeding the communion.—[*Vide*, pp. 1355, Vol. II.]

Another reason for the decay of the "Separate" churches was the influence of the Baptists. The Separates and the Baptists had a common bond of sympathy—the bond of common hardships and persecutions under the intolerant laws of the Colony. It is also the fact that at the first ordination of a pastor among the "Separates," the only ordained minister participating was a Baptist. (Killingly Declaration). It is also true that several of the "Separate" ministers had been Baptists (Backus Hist. of Baptists), and also that the two denominations held similar views as to church membership and the spiritual life. Besides, many "Separates" found the transition easy from a belief that only children of "converted" church members should be baptized, to a belief that no children should be baptized. Thus, perhaps, one-third of the "Separate" ministers and many of their churches became Baptists. (Backus Hist. of the Baptists.)

Another reason for the passing away of the "Separate" church was the mighty changes which came over the land in the last half of the 18th century. The men who fought for civil liberty from Lexington to Yorktown could not do less than give religious liberty to the land they had redeemed. No wonder intolerance became unpopular, for the Spirit of Freedom was all abroad, and the entire separation of Church and State was loudly demanded.

By the adoption of the State Constitution, in 1818, the last vestige of this union of Church and State was swept away, and the last stronghold of intolerance was destroyed.

The "Separates," now weak from defections to the "regular church" and to the Baptists, and having now no distinctive principles to separate them from other churches, naturally dwindled and died—lost in the multitudes of people who rose up to praise and defend the principles for which the "Separates" and others had so long contended.

* WHEREAS there were a Number of Churches, of our Denomination, in this State, that did not attend our Meeting in September last; and so consequently have not given their Approbation to the following Publication. It is therefore earnestly recommended to them to peruse the same, and if they find any Thing amiss, or erroneous therein, that they would attend our Meeting, at Plainfield, on the Third Wednesday of September next, and offer their Objections. * Page 2.

But if they have no Objections to make, it is desired that they would attend said Meeting, that so we may have an Opportunity mutually to strengthen and confirm our Fellowship, one with another.

AN HISTORICAL NARRATIVE, &c., &c.

*It came to pass in the Year 1740–41 that the Work of God, called the GREAT REFORMATION, took Place in New England, and some of the Southern Colonies (now States) with surprising Power and Rapidity. Vast Numbers of People in a few Months Time were awakened out of Security, Ignorance and Formality, as to Matters of Religion, to seek spiritual Knowledge, and to obtain an Interest in Christ. This Concern soon became general, and very pressing on the Minds of Multitudes, and became the great Topic of Conversation and Enquiry. *Page 3.

The Diversions and Vanities of People were in general laid aside, such as Tavern-haunting, Gaming, Dancing, Horse-racing, Chambering and Wantonness, with all foppish Parade of extravagant Dress, and gaudy wanton Appearance, were forsook; and People in general, in a plain, modest Habit, devoted themselves to attend all public Meetings where it was expected that those who were called powerful Preachers would perform divine Service; so that going Five or Six Miles on foot to such Meetings was thought feasible. Private Meetings also for Prayer, singing Psalms, and Spiritual Songs, and for Exhortation, and Conversation, were frequently attended by Crowds of People. *The chief Instruments in leading on this Work, were Messrs Whitefield, the Tenants, Belamy, Pomroy, Wheelock, Edwards, Buill, Croswell, Jewit Lord, Davinport, Finly, &c. *Page 4

THESE with great Numbers more, went through all Parts of our Land, preaching the glad Tidings of the Gospel; and where they were not received into Meeting-Houses, they preached in the Fields. They preached as Messengers sent from God, they felt and believed the Importance of their Message to our sinful perishing World.

SUBORDINATE Means were various, besides Reading the Bible and other good Books, which were diligently attended to; Exhortation by Ministers and private Brethren was much practiced. Solemn and earnest Prayers were going up publicly, and privately; Elevated and devout singing of Psalms and Hymns, not only in public, but in private Houses; and sometimes when numbers were travelling on the

Road; the Conversation People had one with another, enquiring into each others Knowledge, Experience and Christian Hope; Together with the Freedom and Honesty, with which they communicated their Opinion, and Judgment, concerning themselves, and those they conversed with, had a powerful Tendency to awaken, convince, instruct, or comfort one another.

THE Cries and Lamentations which some, and not a few, were making, being pricked in the Heart, surprised and awakened Beholders; and also the Acclamations of Praise to God, which some that had re*ceived Comfort; their Raptures of Joy and Expressions of the Love of God, and the exceeding Riches of his Grace towards Sinners; their Hope in Him, and their earnest Longings, that others should "*taste and see how Good the Lord is;*" was greatly alarming to others. Only the sight of the Multitude flocking together to hear the Word preached &c. the solemn Countenance, the Tears, the Sighs, the earnest Devotion of some, the grave and joyful Countenances of others, indicating their Complacency, and Delight in the Worship and Work of God; was enough to impress on the Minds of the Beholders Some Idea of the Solemnity of the Judgment Day.

*Page 5.

IN the Space of Two or Three Years, it was supposed that Thirty or Forty Thousand were converted in New England.

HOWEVER, the Work met with Opposition; and the Opposers were proportionably Zealous, in their Opposition, to the Zeal with which its Friends endeavored to promote and carry it on.—The Controversy was managed by all Orders of Men; every public Board, both Civil and Ecclesiastical were racking their Invention to find out Ways and Means to embarrass and hinder the Work's going on; at least to check the Disorder, as they call it.

WHILST the major Part were devising, and using severe Measures, the minor Part, being friendly to the Work, were using their Influence to pacify the Opposition; and to obtain Liberty of Conscience, and the Right of private Judgment, in Matters of Religion, with but little Success.

*WITH Respect to the Work itself, and the Errors that attended it, both among its Friends and Foes, we refer the Readers to President Edwards' Book, in Vindication of the Work of God in those Times.

*Page 6.

HAVING hinted what Manner of Times the Great Reformation produced: We now proceed to point out the Constitution and Practice of the established Churches of the Colony (now State) of Connecticut, as they were in those days.

THEIR Heads of Agreement and Articles for the Administration of Church Discipline, may be seen in their printed Platform, agreed upon by the Elders, and Messengers of the Churches, met by Delegation at Saybrook, September 9, 1708; Which Platform was presented to the General Assembly of said State; and by them approved and established by Law. And to make it a practicable System, the General Assembly divided the whole Colony (now State) into ecclesiastical Bodies, according to the Districts of the Towns, or Societies; and Enacted, That such ecclesiastical Society, qualifying themselves according to Law, were empowered to manage and controul the Choice of Parish Ministers, and the Supporting of them; and the Building of Meeting Houses, &c. without any Provision for the Church's Liberty of Conscience, or Reformation in Divine Service, but left them bound by penal laws.

THE Churches were inseperably connected with the World in this Constitution, under a Prohibition of having any other Meeting or Ministers in said Societies, but such as were expressly allowed by Law. See old Law Book, Page 153–154.

*THE Churches in general had tamely submitted to this Constitution; and had generally fallen into the PRACTICE OF ADMITTING THEIR MEMBERS, WITHOUT REQUIRING A CREDITABLE PROFESSION OF THEIR FAITH, whereby they might be looked upon, in a Judgment of Charity, to be visible saints.[1] To which was added, a Custom of admitting Persons to own a Covenant, and become half way Members (*without any Profession of gracious Sincerity*) that they and their children might be baptized. *Page 7.

IN this Situation the Churches in general carried on all Parts of external Worship, Order, and Ordinances, according to Law, and Custom aforesaid: Whilst at the same Time the Government of the Churches in all Matters of Discipline (that were not by civil Law put into the Hands of the said Societies) were managed by the consociated Ministers, in the Manner prescribed in the aforesaid Saybrook Regulation, authorized by civil Law:—so that the Churches of Christ, as such, had no Place, Liberty, or Prerogative left. And if the Churches had not been included in the Societies aforesaid, one would have thought, that the Church of Christ had been considered as not of the World, but left at Liberty to worship, and serve God, according to

[1] See the principal Letter of the Association of Windham County, Page 23. "It is the Will of Christ that all who make an outward, creditable Profession of Christianity, should be admitted into the Church, though unconverted:—That they may be under proper Ordinences for their Conversion.

the Christian Law.—This was the general State of the Churches when the Great Reformation began.

*When some Ministers began, not only to be very Zealous in their Preaching; but to travel from Place to Place preaching the Word with Power, and Multitudes flocked to hear them; which together with the Effects their Preaching had on the People, soon alarmed the Attention of some, and the Envy of others; and became an Object of great Speculation, and Improvement, as has been described. *Page 8.

In those Times the General Assembly of this State, made Laws to restrict, and restrain the Liberties used by Ministers, and People, in Matters of Religion.—To prevent Parish Ministers preaching out of their own Parishes, it was Enacted, That if any Parish Minister should preach in another Parish, without, first obtaining Liberty of the Minister, and Two-Thirds of the Parish, he should be liable to loose his salary for Two Years.

To prevent Ministers from other States travelling and Preaching in this, it was Enacted, That they should be taken up as Vagabonds, and transported out of the State.[1]

To prevent any Man's preaching, however qualified, and called, if he was not authorized according to the express Laws of the Constitution he should be liable to Fines and Imprisonment.[2]

*To prevent any Religious Meeting being held on the Lords Day, but such as were allowed, and established by Law; a Law that enabled the County Courts to grant Liberty for Religious Meetings to be held, &c, was repealed; and the People subject to penalties, if they did not attend the Parish Meetings.[3] *Page 9.

The Associations of the Counties, at least some of them, were making Resolves, that no Discentions, or Separations from the established Order, as described by the Laws of the State, and the Associations, should be allowed or tolerated. In this they acted consistent with their Constitution. See old Law Book Page 29. Be it Enacted &c.

[1] In consequence of this Act, Mr. Finly, afterwards President of Jersey College, was taken up near New Haven, and transported; but returned, and was taken up a second Time, together with Mr. Davenport, and banished by water to New York.

[2] Old Law Book, Page 510, 511. In Consequence of this Act, Numbers have been fined, and imprisoned, for preaching the Gospel; and exhorting the People to the Duties of Christianlty, viz.—Messieurs Elisha Paine, Solomon Paine, Thomas Marsh, John Palmer, Ebenezer Frothingham, and others.

[3] The Law of the State expressly forbid any Meeting House to be built, or Meeting to be held for Religious worship without Liberty first obtained of the General Assembly upon Penalty &c.

That no Persons shall embody into Church State, without the Consent of the Assembly and Approbation of neighbouring Ministers.

THE Associations remonstrated against those, that emerged out of the Labyrinth ; of the declined, and adulterated State of Religion among us; and were taking Measures to obtain Reformation, and to restore primitive Purity, pleading Liberty of Conscience, and the Right of private Judgment, in Matters of Religion.

THE reforming Ministers and Churches, were treated as departing from the Faith, and Order of the Gospel: As corrupting the Word, and perverting the Truth, and turning the World up-side down; and therefore rendered themselves unfit for Communion, Liberty of Conscience, or Toleration.

*The severity used caused some to rescind, and give up their Liberties. The Errors and Mistakes of others, surprised and intimidated them, so that they precipitately retracted, and went back too far. *Page 10.

Some OBSERVATIONS on the SEPARATION ; and the SEPARATE, or STRICT CONGREGATIONAL CHURCHES.

THE Constitution and Practice of the Established Churches, being as has been described; Numbers in various Parts of this State did descent, and separate themselves from the Communion of the said standing Churches, and gathered themselves into Churches, to carry on the Worship of God, and Church Discipline according as they anderstood the Word of God; Acknowledging no other but God alone, to have Right to prescribe Rules for Divine Worship; or ordering the Discipline of his Church.

WE according to our judgment, looked upon the Ecclesiastical Constitution of this State, and the Traditions thereof, to be a great Departure from the Order of the Apostolick Churches, as well as from the Platform of our Fore Father's in this Land. And although they were called, and importuned to take some step for Reformation, they refused, and justified themselves in their Constitution, and Practice. Here we judged it necessary, and became our Duty to withdraw from their fellowship, and Communion; so far as they had departed from the Rule of God's Word.

*THE Church in Canterbury, that had been a Congregational Church from its first beginning, after a long and tedious Labour, in opposing the Society, with a minor part of the Church, from settling Mr Cogswell among them; withdrew from the Societies Meeting-House, and set up the Worship of God in a private House. *Page 11.

This was some time in the Year 1744. And on the 9th of October 1745, a new Seperate, or Strict Congregational Church, was gathered in Mansfield, in the County of Windham, consisting of Members collected from several adjacent Towns. The Manner, in which they formed themselves into a visible Church, was this; they gave a verbal relation to each other, of their Experience, of a Work of Grace upon their Souls, to the Satisfaction of each other; a special Respect being had to the Fruits of Grace, that discover themselves in the Lives and Conversation of such as are truly godly, or gracious Persons; And also subscribed to Articles of Faith, and Practice, and a Church Covenant, that had been previously drawn up, in their Opinion, agreeable to the Word of God.

After the Church was thus gathered, and covenanted together, they proceeded to the Choice of Mr. Thomas Marsh for their Pastor; who had sustained the Office of a Deacon, for many Years, in the Church in the Second Society, in Windham: And appointed his Ordination to be on June [so printed—but changed with ink to read Jan.] 6th, 1746. But Mr. Marsh was seized by an Officer, the Day before he was to have been ordained, for Preaching the Gospel some Time before, without Licence from the established Ministers of the Constitution, and confined in Wind*ham Gaol, where he was confined in Prison, until the Sitting of the County Court in June following. The Church therefore, by the Advice of Mr Marsh, chose, *and ordalned Mr. John Hovey* to be their Pastor, or teaching Elder, in the Month of February 1746; a Man of approved Abilities among them. This was the *first Ordination* among the Strict Congregational Churches,—and was performed in the following Manner, viz. The Church chose Three Brethren, out of their own Number:[1] Men of approved Gifts, and Abilities, to personate the Church, as their Presbytery, in ordaining Mr. Hovey to the pastoral Office over them.

* Page 12.

Thus the Cause of our Separation, and the Manner how it first began may be seen. But before we pass on we would here take Notice of some Errors, and Mistakes, that attended our first Separation.

Our first withdraw from the established Churches, was much like Israel's coming out of Egypt, a mixed Multitude came out also; and served to answer the same Purpose, i. e. to be a Trouble and Vexation

[1] Note,—One of the Three, Mr. Thomas Denison, had been licensed and recommended by some of the standing Ministers, as a Man qualified to preach the Gospel: Had also been ordained Pastor of a Baptist Church in Ashford, by the Rev. Dr. Thomas Green of Leicester, and the Rev. Ebenezer Moulton of Brimfield.

to us, and to bring a Reproach and Scandal upon the Work of God. —There was much rash and party Zeal that appeared in many, which occasioned sharp and unchristian Contentions; whereby the Cause of Truth and Meekness suffered greatly. We lament the Mis- * Page 13.
* steps in Doctrine, and Practice, that marked our Proceed- ings in many Instances, while we were aiming, (in our infant State) to know and walk in the right Way of the Lord. Many that appeared forward in the Separation fell into notorious, scandalous Sins:—Others there were who ran into Errors and Extremes, in Matters of Religion; holding to an absolute Knowledge of the Brethren, upon an invisible Evidence, as they called it.—Others there were that made *Faith*, *Conscience*, and *Good Feeling* in Religion, their Rule of Duty, and did not pay that Honor to the revealed Will of God, in his Word, as they ought to have done.—Some there were that held that Church Discipline might be proceeded in without visible Evidence to prove Facts alledged.—Some held that Ministers ought to have no previous Study before Preaching; but that they ought to have their Sermons immediately from God.—Others there were that seemed to strike at the Foundation of civil Government, to overthrow it entirely; and were for destroying human Learning, and even human reason itself, as useless in Religion; and were for introducing unqualified Persons into the Ministry, upon the Belief, that their Qualifications were in Heaven, and would be sent down when they needed them.

We have seen the Mischiefs that have taken Place among the Churches of our Profession and Connections; where they have thought their Knowledge, and Discernment of spiritual Things, was great, and infallible, being the Dictates of the Spirit of God, by Impulses or Suggestions (whether by a Medium or not) which is a Kind of Evidence or Knowledge too * Spiritual and certain, to be subject * Page 14.
to moral Evidence, Reason, or Scripture.[1] Mistakes and Delu- sions arising from this Source hath drawn off great Numbers from the Spirit and Principles of our Profession.—Yet through the distinguishing Goodness and Mercy of God to us, there is a Number, who have so far escaped the Snares and Devices of the Gates of Hell, in those searching and perilous Times, that we are agreed to declare our

[1] We are sensible that Retractions of this Nature are not common and the Path is attended with Danger. Mankind are so apt, from one Extream to hasten into another. However, it is made our Duty to confess our Faults one to another. The Scripture History of the Church of God sets us an Example: See the unreserved Simplicity with which it relates the Errors, Corruptions, and Delusions, that prevailed and took Place, both among the Friends and Foes of the Work and Cause of God.

Understanding of the Times:—Our Agreement as to Articles of Faith: —And our Judgment respecting Church Discipline, as in the Sequel of this Book will appear.

An Account of some Events that have brought to pass great Overtures in the Established CHURCHES.

As to the Established Churches, such Events have taken Place as have reduced the Establishment to little more than a Toleration as to Power of Action.—The most rigorous Laws are become obsolete, or superseded by Laws granting Liberty of Conscience:—so that settling and maintaining Ministers in the Law way, is in a great Measure out of Practice.

*The Preaching and Printing concerning the Nature of Christ's Church and Kingdom; that it is not of this World, that civil Magistracy hath no Jurisdiction over the Church of Christ as such; together with what has taken Place, by Means of the National Disputes, about the natural and civil Rights and Liberties of Mankind; hath so convinced the Minds and Consciences of People in general, that Civil Establishments of Religion, and coercive Measures can be no Advantage to the Building of Christs Kingdom, but the contrary.—The Effects and Consequences of Penalties, and Force to compel to Uniformity, upon the Plan of the established Constitution, abundantly shews those Measures to be utterly inconsistent with that Unity, and brotherly Love which is absolutely Necessary to the Being of Christ's Church. *Page 15.

UPON Trial it hath been found that where Ministers have been settled by the Power of the established Constitution, in many Instances it hath occasioned warm Debates, Divisions, and Separations unavoidably.—And where the settlement, and salary of Societies Ministers have been destrained by Law, it hath occasioned great and grevious Complaints of Injustice, of Cruelty, and Oppression: And the Ministers have been reproached as Hirelings and unmerciful: And hence all Harmony and brotherly Love is no more.—And where people have been fined, and imprisoned, for not hearing, or attending upon the Preaching of the Parish Minister on the Sabbath; or attending a religious Meeting in a Separate Assembly; or Ministers for Preaching the Gospel to worshipping Assemblies, without Approbation, according to the established Constitution *have been the Causes of such Grief, and Offence, and produced such Animosities and Division, as never could be removed, if the Operation of the established Constitution was continued. *Page 16.

THOSE Debates and Labours abovesaid, have plunged many Societies and Churches into such Divisions and Confusion, with regard to exercising the Power of the Establishment, as rendered it utterly impracticable. The Body of the People being convinced that it was inconsistant with Righteousness and Peace, civil or religious; have refused to carry it into Execution; which has providentially opened a way for Reformation: The Churches being disunited with the World, are at Liberty to manage the Affairs of Christ's Kingdom, according to his Law. A goodly Number of Churches have not only renounced and turned away from following the Laws of the Constitution; but the Traditions of the Churches also;[1] and maintain and follow the Doctrines and Discipline of Christianity in some good Measure, as held forth in the Word of God.

THUS we have given a brief historical Relation of Events, of a religious Nature, that have taken place in the State of Connecticut, in particular, as well as those that have been of a more general Nature, abroad *in our Land. And here we would take Occasion to *declare* our Sentiments in some Things, wherein we have been wrongfully represented, to our great Injury. And

*Page 17.

FIRST. It hath been generally received among People, that we have embraced some new Opinions, both with Respect to Faith and Practice. But that the World of Mankind may be undeceived in this Affair we say that notwithstanding, there have been many Errors, among those that have been called Separates, as hath been before related; yet as Churches, we have ever acknowledged Westminster Confession of Faith; and Cambridge Platform of Church Discipline, as to the Substance of them (some few Things excepted) to be orthodox Systems of Faith, and Practice, as in the Sequel may appear. Yet after all, we hold no Creeds, or Confessions of Faith, to be binding upon us, any further than they agree with the Word of God, contained in the Scriptures of the Old and New Testaments.

SECOND. We have been represented, as holding to an absolute knowledge of the Brethren; and that we admit none into our Churches, but such as we know to be real Saints. Therefore we say, notwithstanding there has been Persons of our Profession, that have held to absolute knowledge of the Brethren, as hath been related:

[1] The traditional Custom of admitting Church Members, without requiring a creditable Profession of their Faith is laid aside; and they practice according to Mr. Edwards, and others, who maintain visible saintship, necessary for Communion; neither do they admit Persons to be only half way Members, nor baptize any but visible Believers, and their Households.

Yet as Churches we are so far from pretending to know the good Estate of one another's souls *absolutely*, that we do not suppose it even Necessary, in the Admission of Members to our Communion, that we must certainly know, that they are truly godly, or gracious Persons. Yet it hath ever been our Opinion, that unconverted, or unregenerate Persons *have no Right to Membership in the Church of Christ, so as to be admitted to the special Ordinances of the Gospel. That for a Person to feel in himself, a Right before God, to Membership in his visible Church, it is necessary, that he be well satisfied in his own Mind, that his Heart is disposed to Love, Fear, and serve God. That upon the best Evidence or Judgment he can form of himself, he hath been made a partaker of that *Repentance towards God, and Faith towards our Lord Jesus Christ*, that the Word of God holds forth as Necessary to Salvation. That these Things are what he is to make Profession, or Confession of, before the Church; as well as a general Belief of the Gospel, and a Subjection to Jesus Christ. * Page 18

Now in order for a Church to receive a Person into Membership, it is Necessary, that they be well satisfied of the Truth and Reality of what he professes to have; and the most proper Means to be attended to, in Order to obtain a satisfaction, is to examine the Person, into his Knowledge of his lost and undone Estate by Nature; and of the Way of Salvation through a Redeemer; and of the Exercises of his Heart towards God: And also to consider and view the Life, and Conversation of the Person in the World. In which Things, if the Church be satisfied, they have good Right to extend their Charity to such an One, as a real Disciple of Jesus Christ, without pretending to an absolute Knowledge, of the Estate of his Soul.

Third. It hath been generally received, that we hold, that every Brother in the Church, hath a Right *to preach, pray*, and *exhort* publickly in the Church. *Now to set this Affair in a true Light, we say, that we believe it to be the Duty of all professing Christians, to let their Light shine in the World, so that their Life, and Conversation, might be one continued Preachment to others: But that every Brother hath a Right to set up to be a Publick Teacher, or Exhorter in the Church, we deny: It is our Opinion, that all those Brethren in a Church, that have Gifts given them, that are for the Edification of the Church, ought to be improved in the Church, in their proper Place; and to be subject to the Government and Direction of the Church. And in order that a Church may know the gifts they have among them, it is necessary that there be an open Door for the Proof, and Trial of those Gifts that they have; and when the * Page 19.

Church has made Proof and Trial of the Gifts, and Abilities of any one Brother, and find them to be for the Edification of the Church; then the Church ought to approve of them, by giving them their Fellowship, or Approbation to improve their Gifts among them, and to recommend them to the Acceptance of others.—And this we apprehend is a sufficient Licence, for any Man to preach, as a Candidate for the Gospel Ministry. And as to our Opinion of the Ordination of Church Officers, see our Heads of Agreement.

FOURTH. We have been traduced, as being a Sect of Professors, that say to all other Denominations of Christian Professors, *stand by yourselves, for we are more Holy than you.*

THEREFORE, to set this Matter in a true Light, we say, that in order for Communion among Churches, *as Churches of Christ, it is necessary, that the Churches so communing, ought to make the Christian Profession; without which no Body, or Society of People, can properly be said to be a visible Church of Christ. That the Christian Profession principally consists, *in a professed Heart Subjection to Jesus Christ, as their rightful Lord and Sovereign, to be ruled and governed by his Law prescribed in his Word.* Now we conclude, that a Profession of Heart Subjection to Jesus Christ, and his Law, includes in it, a Profession of being Friends to Jesus Christ; and a Profession of being Friends of Jesus Christ, includes in it a PROFESSION OF BEING REGENERATED, OR "BORN AGAIN." Therefore all such as call themselves Churches of Christ, and do not make the above Profession, cannot properly be said to be visible Churches of Christ. Neither is it possible in the Nature of Things, to make a Person, a visible Member of a visible Church of Christ, so long as he, or she, profess themselves to be in a State of unregeneracy. Therefore we suppose, that we have no Scripture Warrant, to hold Communion in special Ordinances, with such Churches, as profess that Faith, and Repentance, are not absolutely necessary to qualify Persons for Membership in Christs Church; and a Profession of the same necessary, in order to their being admitted, as Members in his visible Church.

* Page 20.

BUT as their is a Number of Churches in this State, that we have before mentioned, that are called Standing Churches, that are disintangled from the Law established Constitution; AND MAKE THE CHRISTIAN PROFESSION AS ABOVE SAID, AND PRACTICE ACCORDINGLY; WITH ALL SUCH CHURCHES WE COULD FREELY HOLD COMMUNION *although they may differ from us in some Things respecting Church Discipline, that are of lesser Moment. And as there has been of late, a Pamphlet, published by the Presbytery of *Morris*

* Page 21.

County, New Jersey intitled "A View of a Christian Church, and Church Government," We take this Method to declare our Approbation of said Book, in all those Things that are essential to the Being of a visible Church; though there are some Things in said Book, respecting Church Government, that are of a subordinate Nature, that we are not so well agreed in; yet we see no just cause, why we could not freely hold Communion, with Churches formed on such a Plan, as is therein described.

And as to our Baptist Brethren, we are free to hold occasional Communion, with such as are regular Churches, and make the Christian Profession as above said; and acknowledge us to be Baptized Churches, and own the Morality of the Ten Commands of the Decalogue.

Our Motives for publishing the foregoing Historical Narrative, And Declaration, are as follows, viz.

The Overtures, Alterations, and Reformations, that have taken Place in the Churches, since the Great Reformation, and of our Separation, with respect to Exertions to support, and maintain the Established Constitution, are such, that the *young* and *rising Generation*, could form no just Idea of the Reasons we had *for our dissenting from the Established Churches, without some such Means of Knowledge; nor what Series of Events, hath brought so many of the Ministers, and Churches, from so wide a Breach to be so united and agreed, both in Doctrine and Practice, as they now appear to be. It may justly be said, it is the Lord's Doings, and it is marvelous in our Eyes; how the Lord hath wrought to make Breaches in the strong Holds of Tradition, formed by Civil, or Ecclesiastical Powers, joining to established Uniformity in Religion, and to establish it by Power. And on the other Hand, how he hath defeated the Wiles of the Devil, who came forth as an Angel of Light, declaring for Liberty, and Spirituality, casting out a Flood of Delusions, and damnable Heresies, by which many have been defiled, and the Way of Truth, evil spoken of, and the honest Inquirer at a loss to know what to think, or which Way to walk.

*Page 22.

Many of us yet alive having been Eye Witnesses of these Things, have thought it our Duty to declare them, for the Glory of God, for the Comfort and Establishment of the Church; and for the Instruction, and improvement of the present and rising Generation.

We offer in vindication of our Conduct, in separating from the Established Churches, as followeth, viz. The Grounds of our having scruples of Conscience, to continue in their Fellowship, and Com-

munion, hath been already declared, in the Description given of the Constitution, and Practice of the Established Churches in those Times.

*For any One to withdraw, from the Communion of a Church he had covenanted with, when there was no sufficient Grounds for Scruples of Conscience in continuing:—Or to separate abruptly, without using proper Means to have his Scruples removed, or Causes of Grief redressed:—Or from a contentious, schismatical Spirit, would be sinful and disorderly Walking. *Page 23.

But when there are just Causes for Scruples; and due Pains have been taken to remove them; and it cannot be obtained, withdrawing becomes prudent, and necessary, for two Reasons:—*First*, By continuing he might give Fellowship to an Act of Worship, which in his own View is contrary to the Will of God; and thereby his Conscience be defiled:—*Second*, It would be sinful neglect of serving God, in the Manner he in his own Conscience believes he ought to do.

For a more full Explication, and to show that our Separation was not a new and unjustifiable Proceedure we would refer the Reader to the Preface of Cambridge Platform:—The whole Spirit and Agreement of which Justifies our Conduct. They under a Fifth Particular *cite* a Passage from Dr. *Ames* in his 4th Book, Conscience Chap. 14, N° 16—"If any Man (saith he) wronged with unjust Vexation, or providing for his own Edification, or in Testimony against Sin, depart from a Church where some Evils are tolerated, and join himself to another more Pure, yet without condemning the Church he leaveth; he is not therefore to be held as a Schismatick, or as guilty of any other sin." The Preface explains him, and says, When either through weariness of unjust Vexation, or in Way of Pro*vision for his own Edification, on in Testimony against Sin, he joineth himself to another Congregation more reformed: Any one of these he judgeth a lawful Cause of Departure, though all of them do not concur together &c. *Page 24.

As to our publishing Heads of Agreement, respecting the Prerogatives, and Discipline of Christs Church; we look upon it both Useful and Necessary, in order to the Fellowship of Churches, that they may exercise Charity, and Acts of Fellowship, one towards another, as Occasion may serve, with better Judgment, Satisfaction, and Comfort. It also may be useful to particular Churches, for their greater Agreement in Understanding, uniform and harmonious Proceedings, with respect to Order, Ordinances, Worship, and Discipline in the Church. Notwithstanding it can make nothing right, or binding, but what is made so by the Word of God. Hence it can Amount to no more, and is only an Expression of our Judgment of the rule of God's Word.

Our acknowledging the Confession of Faith agreed upon by the Synod at Boston May 12, 1680, and the longer, and shorter Chatechisms, agreed upon by the Assembly of Divines at Westminster; shows that we are of the same Faith of our Protestant Brethren; And as Unity in the Faith of Jesus is honorary to him; so Unity in the Profession of it declares his Glory, and is a Means of Christian Charity, Fellowship, and mutual Edification. We therefore chearfully join with our Brethren, in confessing our Faith in the Doctrines of Christ, agreeable to the Systems above referred to.

*HEADS of AGREEMENT, Entered into by a Number of Strict Congregational Churches, convened; by Delegation, at Killingly, Sept. 19, 1781. *Page 25.

I. Of a Confession of Faith.

We agree to the Confession of Faith, agreed upon by the Synod at Boston, May 12, 1680, and to the longer and shorter Catechisms, agreed upon by the Assembly of Divines at Westminster, as orthodox Systems of the Doctrines of the Christian Religion, as to the Substance of them. Ever holding the Word of God, contained in the Scriptures of the Old and New Testaments, to be the only perfect Rule of Faith and Practice.

II. Of the Church in general.

That the Word Church is used to signify the whole body of the Elect, or Saints, both in Heaven, and Earth, who are united in Christ as their Head, and by one Spirit baptised into one Body, that is the Body of Christ, Heb. 12, 22, 23.

III. Of the Catholic visible Church.

There is a Catholic visible Church, viz. The Company of those who profess the Christian Faith, whether in Church Order or not; but there is no Political Catholic Church, the State of the Members of the visible Church, since the coming of Christ, being only Congregational.

IV. *Of a particular Congregational Church. *Page 26.

A Congregational Church is a Part of the visible, consisting of a Company of Saints, by Calling, making a creditable Profession of their Faith, and Repentance; united in one Body by a holy Covenant, for the Worship of God, and an Obedience to him in all his Ordinences and Institutions; and for the mutual Edification of one another, in the Fellowship of the Lord Jesus: As to its Quantity it ought not to be of greater Number than may ordinarily meet together conveniently in one Place, nor fewer than may conveniently carry on Church Work. Any One who joins to such a Church, must

be Baptised, profess Religion, satisfy the Church of the Creditability of their Profession; and Covenant to walk with the Church, in the Observance of all Gospel Ordinances.

V. Of the Power or Privilege of a Congregational Church.

That a Church regularly gathered, and covenanted together, have good Right, full Power, and lawful Authority, delegated to them by Christ their rightful King, and Law-giver, to act and transact every Thing within themselves, that is Necessary to their Well being as a Church of Christ.—That there is no Jurisdiction, to which particular Churches are or ought to be subject, by Way of authoritative Censure; nor any other Church Power, extrinsical to such Churches, which they ought to depend on any other sort of Men for the Exercise of.[1]

* VI. Of the Exercise of Church Power.

* Page 27.

The Church of Christ Exerciseth her Power or Privilege, 1st. By admitting her own members. 2dly. By admonishing her Members in case of sin, and by excommunicating them in case they become incorrigible in their Wickedness. 3dly. By chusing and ordaining her own Officers (Need so requiring) and in removing them from their Offices in case of Forfeiture.

VII. Of Church Officers.

That there is two Offices appointed by Christ in his Church, viz. Bishops, Deacons. The Words Bishop, Elder, Pastor, or Teacher, we understand to be so many Names for the same Office. In the Choice of Pastors, or Teachers, special Respect ought to be had to their Qualifications, as described in the Word of God, viz. Those Gifts and Virtues which the Scriptures requireth in Men that are to be elected into such Places. That the Elders might be blameless, sober, apt to Teach, and endued with such other Qualifications as are laid down, 1 Tim. 3, 2, Tit. 1, 6–9, Deacons to be qualified as directed Acts 6, 3, 1 Tim. 3, 8–11.

VIII. Of the Ordination of Church Officers.

Ordination is the putting a person into the Place that he had a Right to before, by Election. In the ordination of Pastors or Elders, we judge it expedient that Imposition of Hands be performed by ordained Elders, if it can be obtained. But if not, it may be done by some of the Brethren, appointed thereunto by the church.[2] Deacons also ought to be put into Office * by Prayer, and some public Testimony given by the church.

* Page 28.

[1] This is exactly agreeable to the Opinion of our Forefathers in the First Settlement of New England. See Hutchinson's History of the Massachusetts Bay, p. 420.

[2] This was the Opinion of our Fore-Fathers. See Hutchinson's History, Page 433, and also their Practice, Page 425.

After all the Debates that has been about the Right of Ordination, we can freely join with the Opinion of the Presbytery of Morris County, viz. "When we consider the Nature of Ordination, and the Right each Church has to choose their own Officers, it will appear, that it is not essential by whom they are introduced, after they are elected, and have accepted the Call of the Church."

IX. How Churches should proceed in Church Government.

That in order to a Church's exercising that Power, or Privilege, that is radically in them as a Church, it is Necessary in Churches not furnished with proper Officers, that they appoint some proper Person to preside in Church Meetings, as Moderator, to lead the Church in those Affairs that may lye before them; but when a Church hath supplied itself with proper Officers, such as Pastor, or Deacon, or Deacons, it is the proper Work of a Pastor to lead in the Church, in all Matters of Church Government. But if the Pastor be disabled through Sickness or otherwise, from attending to his Duty in this Respect; or willfully refuse when desired by the Church, it appears most reasonable that it is the Deacon's Duty to lead as Moderator in Matters of Church Government. But that any Officer in the Church, or all its Officers, by Virtue of their Office, have a Right to negative the Church in Matters of Church Government, we entirely disapprove.

PETITIONS TO THE GENERAL ASSEMBLY REGARDING SEPARATIST PARSONAGE PROPERTY.

To the honorable General Assembly of the State of Connecticut to be holden at Hartford in said State on the 1st Wednesday of May Anno Domini 1843.

The petition of the subscribers inhabitants of the town of Enfield in Hartford County humbly represent that at the May Session of the General Assembly of the State of Connecticut (then a Colony of Great Britain) in the year of our lord 1770 an ecclesiastical society was incorporated in the said town of Enfield by the name of the "Second Society in Enfield" by certain resolves passed at sd session of the General Assembly which resolves are in the words and figures following (to wit).

Upon the memorial of Nathaniel Collins & others inhabitants of the town of Enfield &c.

Resolved by this Assembly that the memorialists be and they hereby are constituted an Ecclesiastical Society with all the powers & priveleges to societies usually belonging in this Colony and shall be called and known by the name of the Second Society in Enfield.

And it is further resolved by this Assembly that the children and decendants of the memorialists when they arrive at full age shall have liberty of choosing to which they will belong and all such children and descendants that shall when one year after their arrival to the age of twenty one years enter their names at the office of the town clerk in said Enfield shall be and belong to said Second Society and all Strangers who shall come and settle in said Enfield that shall within one year of their coming to settle in said Enfield enter their names with said town clerk for said purpose shall belong to said Second Society—Done May Session 1770—Which resolves are recorded in page 518 of Vol X.

And your petitioners say that by virtue of said charter of incorporation the said Second Society erected a meeting house for public worship in said town and purchased five acres of land with a dwelling-house standing on the same for their minister as a parsonage for him and his successors in said office forever as said deed duly executed and dated April 24 1772 and acknowledged April 27th and recorded April 28th in the same year will more fully appear and for a more full description of said land reference thereto is had—

That said Second Society was by its faith and practice of the denomination called Congregational and that for a long time thereafter the sd Second Society maintained public worship in said church as a

separate and distinct Society and performed all the offices of an Ecclesiastical Society—And your petitioners say that subsequently by the death of nearly all its members by the removal of others and by reason of the children and descendants of the original members having connected and joined themselves with other religious societies (only eleven persons having entred their names with the town clerk of said Enfield from the incorporation of said Second Society up to the present time, the last of which was April 1787) said Second Society has become extinct their meeting house has tumbled down and is now entirely destroyed their minister has been dead a great number of years and no person has been appointed to succeed him and no meetings of said Second Society have been held for a long time and nothing now remaining of said Second Society but the parsonage house which is in a decayed and ruinous state and the said five acres of land—and your petitioners further say that they are the descendants and heirs at law of the members of said Second Society and that they are members of various other religious Societies and denominations that said house and land are worth about four hundred dollars and that the income of the same for a great number of years past has not been applied for the support of the Gospel Ministry nor for any other public purpose whatever and that said land and building is without any legal occupants and it is at the mercy of any intruder who may wish to Enter upon it and that it is wholly and Entirely useless to said Second Society and of no value to the same nor benefit to your petitioners.

And your petitioners pray the honorable general Assembly aforesaid to take their case into consideration and on finding these facts to be true to order and declare that some meet and suitable person be authorized by your honorable body to sell said land and building in such way as to your honors shall seem proper and place the avails thereof in the treasury of the town of Enfield for the use and benefit of said town or in some other way grant relief in the premises and your petitioners as in duty bound will ever pray.

JOSEPH MARKHAM.

The "Separate."

He is said to have died a Shaker in 1794.—See "The Strict Congregational Church of Enfield" by O. W. Means, pastor of Enfield First Church page 46.

But his gravestone is still standing in Weymouth District (Enfield) a few rods east of the school house. It is inscribed as follows:

In Memory of / Joseph Markham / who was born Dec^{br} 8th 1717 / and died of the Small pox / April 3, 1761.

Let Virtue guard the narrow Bed
Where Virtue's image rests his head
Religion shed a sweet perfume
And Angels watch around his tomb.

In Hartford Probate Book 18 page 119 Administration is granted on Estate of Joseph Markham dec^{d}, of Enfield to his widow Abigail Markham 5 April 1761.

In same book (reverse) p 220, his Inventory is given, Amt £922–2–2, including land, 2 dwellinghouses, a cider mill, a grist mill and bolting mill.

In same, Book 19 page 27 is given, in Order for Distribution, Children Joseph (eldest son), Justus Jehiel, Joshua, Isaac and Abigail Markham.

Thus it is clear that Joseph Markham the Separate did not become a Shaker.

Perhaps his son Joseph did, and perhaps Joseph Markham has been taken for Rev. Joseph Meacham, who gathered in east Enfield a small number of Baptists, organized them into a church there, and is said to have joined the Shakers. But I do not certify to the truth of these things. J. A. K.

EARLY RECORDERS OF ENFIELD RECORDS.

1. The Records of Enfield from the settlement of the Town to the spring of 1686 are written in a fine business hand. The early Records of Suffield seem to have been written by the same person, perhaps Col. John Pynchon.

2. The second Recorder began his work in the spring of 1686 and continued to the spring of 1691.

3. The third Recorder began in the spring of 1691 and continued to Sept., 1693. At the end of his record is the following statement: "here ends the names of those that are returned to the county record which was in Sept: 1693."

4. The fourth Recorder began in the spring of 1694 and ends in the spring of 1695 (March).

5. Then 7 Aug, 1695 begins the writing of Deacon Thomas Hale and continues until the spring of 1714, so that Deacon Hale was the fifth Recorder of Vital Statistics in Enfield.

From this time the Town Clerks are the Recorders—and are all well known.

The names of the first four Recorders are not known, but they seem to have served regular terms.
